Dear Tertius Relihan,

I would like to thank you and the Discus Holdings South Africa (Pty Ltd) team for providing exceptional service. Your personal commitment in assisting me to emigrate to Malta successfully, exceeded my expectations.

I honour the fact that yourself and your team are South African citizens and are passionate in placing South African Citizens overseas.

You have a global footprint and work in association with Caveat Investments which provides your clients the ability to move their money to the country of placement and if there is any comeback you are always on standby to assist.

The admin and follow ups from the Discus Holdings South Africa team was always prompt and friendly.

I am a proud client of Discus Holdings South Africa.

Best regards,

Mark David Carver
